W1CLA / NE1AR

Field Day 2016
ARRL Submission
Supporting Materials

Compiled by:
Marek Kozubal KB1NCG

Bonus Points Documentation

The W1CLA/NE1AR field day site was run entirely on 100% emergency power. The site was powered by a Honda EU2000i generator. Extension cords were run from the generator to all the HF, VHF, and GOTA stations. (300 pts)

The station was set up in a public place, on the grounds of Dexter Southfield School which is a separate gender private pre-K to 12th grade schools. Signs were set up to direct people from the main road up to the field day site. (100 pts)

There was an extensive public information table with multiple flyers for visitors to look at and take. There were also several amateur radio books for people to browse. (100 pts)

7 QSOs using alternate power using a portable battery pack that was charged by solar cells and also available for visitors to see and recharge their personal devices. The list of QSOs done on alternate power are:

Frequency	6/26/16z	Call Sign	Class	Section
7145	1317	W9OS	1B	WI
7145	1317	WA3SOR	1D	EPA
7145	1318	W2GN	2B	WNY
7145	1321	W1HR	1A	WPA
7145	1323	VA3CTA	3A	GTA
7145	1326	AC8GS	1B	OH
7145	1326	AI2N	1E	WNY

(100 pts)

During all hours of operation of the GOTA station we had a GOTA coach helping visitors get on the air. Bruce Tinkler, N9JBT, and Ron Kalin, KC1AHJ, helped as GOTA coaches. A photograph of our GOTA station is included in this document.

There were 4 Kenwood TS-480SATs (HF1 - HF3; GOTA), and a Kenwood TS-2000X (VHF/UHF). All radios have a maximum output of 100 watts. No power amplifiers were used, therefore claiming the <150 watt 2x power bonus.

There were at least 16 youth participants involved with field day. The youth who transmitted and completed at least 1 QSO each are Kenneth Kalin, KC1AHI; Marty Sullaway KC1CWF; Nathan Pennie, KC1CFU; Kevork KC1ZAW; Brodie Lee, KC1CZQ; Rishi Bhagat, KC1BKX; Alexander Coady, KC1FGP; Noah Myers, KC1CZT; Noah Koval, KC1FUL; Bruno Epstein, KC1BZP; Andy Myers, KC1DAZ; Owen Liang, KC1EES; Teddy Lee, KC1CZR; Hardy Watts, KC1ESU; Julie Sage, unlicensed; and Karin Citroen, W1EVK. (100 pts)

The ARRL W1AW digital bulletin was received and is copied below. Full copy was not possible this year due to some periodic noise on 20 meters. (100 pts)

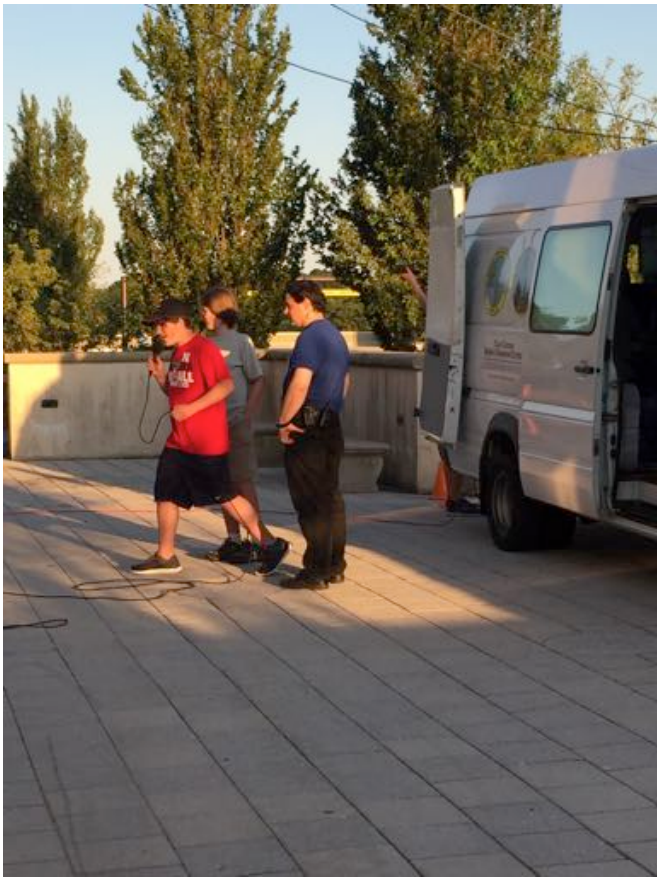
This submission of our field day report was done via the web submission page. (50 pts)

Our site was part of an online web stream covering field day for media coverage. (100 pts)

The Honda EU2000i generator powering HF1, HF2, HF3, VHF, and GOTA.

Bruce Tinkler, N9JBT being GOTA coach with Karin Citroen, W1EVK.

Solar panels charging a portable battery pack. The solar pack was also available to recharge personal devices during Field Day.



During the web stream interview.

Our public information table.

Our educational activities were a soldering clinic and a fox hunt.

ARRL Field Day Safety Officer Checklist

To qualify for the 100-point Safety Officer bonus, a group must appoint a qualified person/s who are present at their site from the beginning of set-up until the end of break-down. The Safety Officer must certify in writing all of the points below. A completed, signed copy of this checklist must be included with the group's supporting documentation.

- ✓ **Fuel for generator properly stored.**
- ✓ **Fire extinguisher on hand and appropriately located.**
- ✓ **First Aid kit on hand.**
- ✓ **First Aid, CPR and AED trained participant/s on site for full Field Day period.**
- ✓ **Access to NWS alerts to monitor for inclement weather**
- ✓ **Tent stakes properly installed and marked.**
- ✓ **Temporary antenna structures properly secured and marked.**
- ✓ **Site secured from tripping hazards.**
- ✓ **Site is set up in a neat and orderly manner to reduce hazards.**
- ✓ **Stations and equipment properly grounded.**
- ✓ **Access to means to contact police/fire/rescue if needed.**
- ✓ **Safety Officer is designated point of contact for public safety officials.**
- ✓ **Minimize risks and control hazards to ensure no injuries to public.**
- ✓ **Safety Officer or a qualified designated assistant was on site for the duration of the event.**
- ✓ **As necessary, monitoring participants for hydration and ensures an adequate water supply is available.**

Special Bulletin 8 ARLX008
From ARRL HeadquartersgNA fha> h6
To all radio amateurs

SB SPCL ARL ARLX008
ARLX008 2016 W1AW Field Day Bulletin

It is a simple equation. June plus Amateur Radio equals Field Day
eu-d4hB
Every year
goLeek
oleü visitors participate as they
communicate all across North America. Gam ∑˜†0oss
mu=p”tø zones always serves to excite both neophyte operator
and grizzled veteran on the airways.

Has your group included the two new bonus point opportunities for
2016? A safety officer helps your group pass along best practices
for risk awareness. The social media bonus lets you engage the
|ufrxt large. After all, wasn't Amateur Radio an early form of
social media? Both serve to blend old and new technologieaRgswe™ai ötage.

The deadline for submissions for this year is Tuesday July 26. Be
sure to use the http://www.b4h.net/cabfa æi | submit your
E:tJ agttrmation to ARRL.

Good ldoàe e aqstation you apply for Field Day equalniy4 hpG0 73!
